

CELCA Grant Application Form

Application Reference: GM 02/03/2026.1

Applicant/Organisation:

INDIVIDUAL: CELCA Resident

Reason for Application:

Applicant will be studying Chemistry with Drug Discovery at Strathclyde University for 4-5 years with the intention of a Masters degree following a Honors Degree.

The money requested is to reimburse money used to purchase a laptop for university. This will help cashflow towards accommodation and other necessary requirements.

Benefit to the Community:

Increase the number of young adults who continue to higher education showing that just because you live in the countryside does not mean you should be at an academic disadvantage.

Other Information:

Funding is not available from the university or other sources towards a laptop.

Details of Funding Requested:

ITEM	QTY	COST
Laptop	1	£449.99
	Total Project Cost	£449.99
	Amount from CELCA	£449.99

Details of Other Sources of Funding:

None.

Contributions from Applicant/Organisation:

None.

Dates of Project:

Starting university September 2026.
