

## **NOTICE OF CLOSURE OF LONGFORMACUS HALL TEMPORARY HUB**

**The HUB in the hall porch has provided a great community support resource to all of us during the COVID 19 general lockdown. Now, as we ease into the final stages of unlocking and plans are developing for activities in the hall to resume, the committee will be closing the HUB and tackling the major task of deep cleaning and setting up the required safety measures throughout the hall.**

**Limited activities will be resuming from September 14<sup>th</sup> so the HUB will close on Sunday 30<sup>th</sup> August onwards.**

**\*Please do not therefore deliver donations and contributions after Sunday 23<sup>rd</sup> August\***

**The committee extend their grateful thanks to all those who have so generously contributed to what turned out to be a very much appreciated and valued effort to support everyone in our community during the very stressful early days of this pandemic.**

**Once the new Hub is complete it is hoped to resume running a mutual exchange and support community focus space.**
