

CELCA Grant Application Form

Application Reference: GM 02/09/2024.2

Applicant - Individual on behalf of CELCA Community

Reason for Application:

This application is to continue with the **Journalling Cafe** and buy products to use at the Cafe.

Benefit to the Community:

Brings people together and creates awareness of the environment. Everyone who attends is given the option to make birthday cards, flowers, do some painting and create a memory book. Some attendees may be trying some of the skills for the first time so it gives them time to develop some creative skills and socialise in a group. There is general chat about everyday things such as what is going on in the village and in people's lives (no politics) There is tea/coffee provided and some food. On average there are 7 people at each session and 12 in the group overall.

There are supplies for the workshop which have not been used yet so this application is to cover the hall hire and a small amount to top up the food supplies and some new card making materials as at the moment this is the most popular part of the cafe.

Disability Provisions:

The village hall has access for all and there is an option for a home pack.
